REVIEW OF THE IRON TRADE. Sellers Are More Cheerful in Hope of Better Prices. Cleveland, Dec. 2.-The Iron Trade Re

Hope of Better Prices.

Cleveland, Dec. 2.—The Iron Trade Review in its current issue, says:

The tone of reports from selling centers is rather more cheerful this week, but the movement of material is not such as to be significant. Dec. is not an active month, and the wage reductions currently announced and the more general opes to come at the end of the year are not calculated to create optimism.

Yet there is a general refusal throughout the trade to assume that deen or long-drawn-out depression is shead. Mills and furnaces shut down, but other mills and furnaces start up as the common of schipments indicates average common of schipments indicates a start to be a handled. Southern plg-iron producers, whose operations have been the gauge of the index operations have been the gauge of the index operations have been the gauge of the indicate of the common of schipments in the start of the indicate the second of the indicate of the indicate in the second of the indicate in the second of the indicate in the second of the indicate in the indicate in the second of the indicate in the second of the indicate in the second of the indicate in the indi

MAY WHEAT IS STRONGER, WITH ACTIVE COVERING.

DOMESTIC NEWS ALL OF BULLISH TENDENCY.

Commission Houses Buy Liberal ly of Corn, the Selling Being Mainly by Scalpers.

Chicago, Dec. 3.-A big advance in the Northwest markets, with active covering by shorts, gave strength to wheat today, and May closed 11se higher; May corn and outs were each up 1/2c and Jan. provisions closed from 21/2c to 5c higher, WHEAT.

Influenced by some bullish domestic news and considerable buying by commisa shade to be higher at Soudispice to 80%c. With only small offerings there was a quick advance to 8fer81½c. Rumors that the big buil interest was an open seller soon caused a slightly easier feeling, but the market firmed up again when it was learned that this same interest was buying through brokers. Markets in the Northwest showed good gains and receipts there were small, which tended to help prices here. During the latter part of the session elevator people were active buyers and shorts covered freely. In response to this demand prices advanced rapidly, May selling up to 8fec. There was some reaction late in the day, but the close was strong, with May up 1½c at 3fe. Clearances of wheat and flour were equal to 25c,300 bushels, against 862,712 bushels a year ago. Minneapolis, Duluth and Chicago reported receipts of 860 cars, against 779 curs a year ago. CORN.

Active covering by shorts caused strong market in corn. Commission houses were also liberal buyers, and the selling were also aberal buyers, and the selling was mainly by the scalpers. Light receipts and small country offerings were bull factors. After opening 1/26 higher at 421/26 May sold between 42%/46/21/26 and 42/243/36, closing at 42/36. Local receipts were 173 cars, with 3 of contract grade.

OATS.
Light stocks and continued small receipts, with a good cash demand, caused a bullish sentiment among local traders in houses and on the strength in other grains prices ruled higher, while offertrgs were only moderate. May opened a shade lower to a shade higher at 35% to 36c, sold between 35% and closed at the top. Local receipts were 121 cars.

PROVISIONS. Provisions were firm early, and a triffe higher in sympathy with the strength in grains and on higher prices at the yards. The market reacted some late in the day on profit-taking by local longs, and the close was steady. Jan pork was up 2½c at \$11; Jan. lard was 5c higher at \$5.40, while ribs were 2½c higher at \$5.20. Estimated receipts for to-morrow: Wheat, 70 cars; corn. 190; oats, 100; hogs, 25.000 head.

SHEED-Another good run of sheep arrived, making the total on sale so far this week much larger than any similar period for several months. The offerings included some Westera manbs fed in Missouri, a load of Mississippisheep and one from Arkamsas. Some realgood mative sheep and lambs both were on sale, but as a rule the quality was not very good, some pretty common left were offered. The market showed very little if any change on the best lambs and native motion sheep, and they sold quite readily, but those that were only rair to medium were slow sale, with values on a loc lower basis. Those that were called common were extremely slow sale, with prices irregular and very unsatisfactory to sellers. The stocker trade was unchanged.

HOGS-Only a moderate run of hogs arrived, the total for the day being only around \$500 head, and while there was a fair representation of good medium and heavy grades on sale the offerings also included a good many pigs and lights and some of them were not very good. The live usincipal Western markets had a total of \$4.80 on sale.

A good demand prevailed from all sources, the unsteet opened up active, with prices generally working an advance of the government of the advance and showed the greatest advance and good. But the from the same should be supplied to the fair benefit of the advance, but received the fair benefit of the advance, but the common and trashy kinds, while a share better than the last few days as rapidly as the good medium and heavy hogs. Lights on the Southwest or soft order continue in poor demand, and consequently sell accordingly. The market green better than the opening, Later arrivals, as usual, sold a little slow, but there was no particular change to the trade.

Lights weighing 160 to 14s lbs, sold at \$4.556 4.60. Hights 150 to 18s lbs, at \$4.4567.72½; medium weights, \$4.094.75; and good heavies at \$4.506 kights. The bulk of the grood heavi

Turpentine and Rosin.

Magnet to Supercede "Overhead" and "Third-Rail" Systems.

Atlantic City, N. J., Dec. 3.-The test today of the "wireless" trolley system, intrical engineer, Leon W. Pullen, formerly of steam railroad track belonging to the Pennsylvania Railroad, interested a num-

ber of railway men and electricians. One of the local trolley cars, which is was used in the trial, and the demonstrathose who were present that it could be put into commercial operation with cer-

tainty and safety, It does away with the dangerous third tainty and safety.

It does away with the dangerous third rail through the simple use of a magner. The equipment is easily adjusted to any car and mainly consists of a bar running the entire length of the car. This bar is highly magnetized. The feed wire is buried in the ground. At intervals of eighteen feet a metal cap, four inches in diameter, comes to the surface. This cap is harmless and has no connection with the feed wire, becoming charged only when the metal bar uncer the car touches it.

The magnetic force in the bar draws up a copper cylinder held in a box under the cap and the copper cylinder remains in contact, and transmits power so long as the bar under the car touches it. When it leaves the cap the copper cylinder of its own weight falls back into its place and breaks off the current.

PASSED MUFF OFF AS A CAT. Rogers Park Belle Came Near

Winning the Prize. REPUBLIC SPECIAL.
Chicago, Ill., Dec. 3.—Visitors for two days have been going into raptures over the wonderful beauty of the creature entered at the Beresford Cat Club exhibit by Miss Louise Fergus, a Rogers Park belle and youngest member of the Board

of Exhibitors.

This alleged Persian cat of high degree and exquisite fur was curled up in a pink-satin cage, but was always asleep, and the attendant would not permit visitors to awaken him. The "Sleeping Beauty" became quite the rage.

To-day the judges, dignified and blase, came to see the wonderful cat. Even they could not restrain cries of admiration. They informally decided that the Rogers Park entry would take high honors, and when they came to casting up for points and for classifying the asimal the discovery was made that the fine Persian cat was only a silver-fox muff, canaingly arranged by Miss Fergus and her friends, in a bed of pink satin.

The judges don't think the joke a bit tunny, but because Miss Fergus is one of the board they have made no open protest. of Exhibitors.

WOMEN PRAISE PRESIDENT. Construe Panama Action as Indorsement of Southern Cause.

Houston, Tex., Dec. 3.-The Daughters of the Confederacy. Texas division, to-day adopted the following resolutions: Whereas, The President of the United States, by his recent course toward the Republic of Pannima, has shown to the world his indorsement of the principles of the right of secession.

Whereas' The people of the Northern States, by their acceptance and approval of his caurse, have shown that they have been led by blin out of the log of lignorance to the bright realing of truth, attained by the Southern statesmen on many wairs ago; be it.

Besolved, That we extend to the President the hearty thanks of the Daughters of the log-federacy of the State of Texas in convention assembled for his indexement of the principles and his vimilication of the cause for which the Southern people fought as gordonely, out and disastronsity, in the war between the States; bett further ment of the principles of the right of secession disastronsity, in the war between the States, be it further. Resolved, That a copy of these resolutions be sent to the President.

ALTOONA ALSO IS THREATENED Typhoid Fever Epidemic Like

That at Butler, Pa., Feared. Altoona, Pa., Dec. 3 .- Alto na is threatened with a typhold fever epidemic s'milar by the health authorities this morning disof the health authorities this morning dis-closed the fact that a dozen families of miners live on the island in the stream which supplies the city, only a quarter of a mile above the reservoirs. The drainage from pig sties and waste material is washed into the stream and down into the reservoirs. A number of cases of typic bl-fever have already developed.

Hoisters Get un Increase.

Absurdly Low Price.
